Guidelines Regarding Pronunciation

Pronunciation

For many words in Merriam-Webster Unabridged, copyright 2018, Merriam-Webster (http://unabridged.merriam-webster.com), more than one pronunciation is offered. In this classroom pronouncer guide, the chief pronunciation for a word is most often the first pronunciation given in this dictionary. Occasionally, however, the word panel has chosen to assign the dictionary’s second or third pronunciation as the chief pronunciation. This decision has been made whenever the panel has reason to think that a certain pronunciation has become the most prevalent one.

Many of the variations in pronunciation listed in Merriam-Webster Unabridged are included in this publication as alternate pronunciations and are listed in square brackets under the chief pronunciation. These alternate pronunciations are all the variants in the dictionary’s pronunciation data that differ phonemically from the chief pronunciation. Minor phonetic variations that are described in the dictionary pages are not included here, however, such as pronunciations that differ only in the level of stress on given syllables. In addition, this publication has not included the voluminous treatment of r-dropping and vowel variations before /r/ such as those that are found in certain geographical dialects of American English. Experience has shown that this information about nuances of phonetic variation in pronunciation can be the cause for confusion for spellers and pronouncers alike.

Nevertheless, every pronunciation in Merriam-Webster Unabridged that can offer any clues about spelling is listed as an alternate pronunciation herein. The phrase no alternate pronunciations means simply that, while the dictionary entry may or may not contain further details about phonetic differences in different dialects, the word in question has no other pronunciations that differ phonemically from the chief pronunciation that is provided.
Tips for Conducting Your Classroom Spelling Bee

Help your students prepare by:

- giving your students the grade-specific 100-word study list from the log-in section of spellingbee.com, and
- providing the full 2019 School Spelling Bee Study List to your students if they seek a challenge.

Familiarize yourself with the 2019 Classroom Pronouncer Guide, in which:

- words 1-225 were selected from the 2019 School Spelling Bee Study List,
- words 226-250 were selected from Merriam-Webster Unabridged, copyright 2018, Merriam-Webster.

If you are including vocabulary, familiarize yourself with the 2019 Classroom Pronouncer Guide Vocabulary Supplement (available when you log in to spellingbee.com), in which:

- pages 5-7 are Basic Level oral vocabulary rounds, and
- pages 8 and 9 are Intermediate Level oral vocabulary rounds.

Decide at what point in the Classroom Pronouncer Guide to begin your bee. We recommend that you:

- begin Grade 1 classroom spelling bees with word 1 (page 10),
- begin Grade 2 classroom spelling bees with word 26 (page 13),
- begin Grade 3 classroom spelling bees with word 51 (page 16),
- begin Grade 4 classroom spelling bees with word 76 (page 19),
- begin Grade 5 classroom spelling bees with word 101 (page 22),
- begin Grade 6 classroom spelling bees with word 126 (page 26),
- begin Grade 7 classroom spelling bees with word 151 (page 29), and
- begin Grade 8 classroom spelling bees with word 176 (page 32).

As pronouncer, be sure to:

- review the 2019 Classroom Pronouncer Guide prior to your bee, and
- refer to the Merriam-Webster Pronunciation Symbols on page 2 of the 2019 Classroom Pronouncer Guide if you need assistance interpreting diacritical markings.

As judge, keep in mind that:

- You may consult our Rules for Local Spelling Bees (on page 5 of the 2019 Classroom Pronouncer Guide) if you need rules (pay special attention to Rule 10 for instruction regarding end-of-bee procedure) and
- You may wish to have Merriam-Webster Unabridged, copyright 2018, Merriam-Webster (http://unabridged.merriam-webster.com) available for reference. If you do not have a subscription to Merriam-Webster Unabridged, the preferred alternative is Merriam-Webster’s Collegiate Dictionary, eleventh edition, copyright 2003, Merriam-Webster.
2019 Rules for Local Spelling Bees

Preface

We encourage spellers, parents, teachers and spelling bee officials to read these rules prior to any spelling bee.

These rules are guidelines designed to assist spelling bee officials and spellers at the local level. Spellers should check with their local spelling bee officials for the rules in effect in their area. Spelling bee officials include the pronouncer, judges, coordinator and sponsor.

While local spelling bee officials have the prerogative to amend Rules 2 through 11, amendments — particularly any amendments to the end-of-bee procedure — should be undertaken only with careful consideration of the various outcomes that may result from the amendments.

The Scripps National Spelling Bee has no authority over the conduct of local spelling bees (namely, spelling bees other than the Scripps National Spelling Bee near Washington, D.C.). Consequently, the national office will not render judgments relating to the conduct of local spelling bees. Individuals bearing complaints about the conduct of local spelling bees should register their concerns with local spelling bee officials. DECISIONS OF LOCAL SPELLING BEE OFFICIALS ARE FINAL.

These Rules for Local Spelling Bees are not the rules in effect at the Scripps National Spelling Bee near Washington, D.C. When a local spelling bee official says, “We use the national rules,” he or she is probably indicating that the Rules for Local Spelling Bees are in effect.

The Scripps National Spelling Bee near Washington, D.C., operates under a significantly different set of rules called the Contest Rules of the 2019 Scripps National Spelling Bee. These rules contain provisions that are specific to unique conditions at the event in National Harbor, Maryland. Their successful implementation at the local level is considered impossible and therefore is not recommended.

Rules

1. Eligibility: A speller qualifying for the 2019 Scripps National Spelling Bee near Washington, D.C., must meet these requirements:

(1) The speller must not have won a Scripps National Spelling Bee championship near Washington, D.C.

(2) The speller must attend a school that is officially enrolled with the Scripps National Spelling Bee.

(3) The speller must not have passed beyond the eighth grade on or before February 1, 2019.

(4) The speller must not have repeated any grade for the purpose of extending spelling bee eligibility. If the speller has repeated any grade, the speller must notify the Scripps National Spelling Bee of the circumstances of grade repetition by March 31, 2019; and the Scripps National Spelling Bee will, at its sole discretion, determine the speller’s eligibility status on or before April 30, 2019.

(5) The speller — or the speller’s parent, legal guardian or school official acting on the speller’s behalf — must not have declared to another entity an academic classification higher than eighth grade for any purpose, including high school graduation equivalency or proficiency examinations and/or examinations such as the PSAT, SAT or ACT.

(6) The speller must not have earned the legal equivalent of a high school diploma.

(7) The speller must not eschew normal school activity to study for spelling bees. The Scripps National Spelling Bee defines normal school activity as adherence to at least four courses of study other than language arts, spelling, Latin, Greek, vocabulary and etymology for at least four hours per weekday for 34 of the 38 weeks between August 27, 2018, and May 22, 2019.

(8) The speller must not have reached his/her 15th birthday on or before August 31, 2018.

(9) The speller must have been declared a champion of a Bee-sanctioned final local spelling bee taking place on or after February 1, 2019, or be a spelling champion whose application for participation in the Scripps National Spelling Bee’s self-sponsorship program has received final approval by the Scripps National Spelling Bee.
The speller, upon qualifying for the 2019 Scripps National Spelling Bee near Washington, D.C., must submit a completed Champion Bio Form, a Certification of Eligibility Form, a signed Appearance Consent and Release Form, and a photo to the Scripps National Spelling Bee. The speller will notify the Bee — at least 24 hours prior to the first day of competition in the 2019 Scripps National Spelling Bee near Washington, D.C. — if any of the statements made on the Certification of Eligibility Form are no longer true or require updating. The speller’s sponsor will provide access to the necessary forms.

The speller must not have any first-, second- or third-degree relatives (i.e., sibling, parent, grandparent, aunt, uncle, niece, nephew, half-sibling, first cousin or great grandparent) who are current employees of The E.W. Scripps Company. The Scripps National Spelling Bee may disqualify prior to or during competition any speller who is not in compliance with any of its eligibility requirements; and it may — at any time between the conclusion of the 2019 Scripps National Spelling Bee and April 30, 2020 — require any speller who is found to have not been in compliance with any of the eligibility requirements to forfeit the prizes, rank and other benefits accorded to the speller as a result of participation in the 2019 Scripps National Spelling Bee.

2. Format: The spelling bee is conducted in rounds. Each speller remaining in the spelling bee at the start of a round spells one word or answers one vocabulary question in each round — except in the case of a written, multiple choice or online test. The spelling bee may be conducted orally or in writing or in a manner that is a combination of the two; however, if the spelling bee officials specify an oral format, the speller may not demand a written format except under the conditions of Rule 4.

3. Word list: Local spelling bee officials are responsible for selecting the word lists for use at each local spelling bee. Many local spelling bee officials use word lists generated by the Scripps National Spelling Bee. These lists include many words that appear in the current edition of the School Spelling Bee Study List and Spell It! as well as some unstudied “end-of-bee” words. All words on Scripps National Spelling Bee word lists are entries in Merriam-Webster Unabridged, the official dictionary of the Scripps National Spelling Bee, available at http://unabridged.merriam-webster.com/.

4. Special needs: Spelling bee officials will strive to provide accommodation for spellers who have physical challenges. All requests for spelling bee officials to accommodate special needs involving sight, hearing, speech or movement should be directed to spelling bee officials well in advance of the spelling bee date. The judges have discretionary power to amend oral and/or written spelling requirements on a case-by-case basis for spellers with diagnosed medical conditions involving sight, hearing, speech or movement.

5. Pronouncer’s role: The pronouncer strives to pronounce words according to the diacritical markings in Scripps National Spelling Bee word lists.

In Oral Spelling Rounds:

Homonyms: If a word has one or more homonyms, the pronouncer indicates which word is to be spelled by defining the word.

Speller’s requests: The pronouncer responds to the speller’s requests for a definition, sentence, part of speech, language(s) of origin and alternate pronunciation(s) as listed in the competition word list produced by the Scripps National Spelling Bee. The pronouncer does not entertain root word questions, requests for alternate definitions or requests for slower pronunciation.

Pronouncer’s sense of helpfulness: The pronouncer may offer word information — without the speller having requested the information — if the pronouncer senses that the information is helpful and the information is presented in the entry for the word in a 2019 Scripps National Spelling Bee word list.

In Oral Vocabulary Rounds:

Procedure: The pronouncer reads aloud the vocabulary question and both options (A) and (B), but does not indicate which is correct.

Homonyms: If a word has one or more homonyms, the pronouncer indicates which word is in question by spelling the word aloud.

Speller’s requests: The pronouncer responds to the speller’s requests for the question and/or answer options to be repeated. The pronouncer may also provide the spelling of the word in question.
6. Judges’ role: The judges uphold the rules and determine whether or not words are spelled correctly or vocabulary items are answered correctly. They also render final decisions on appeals in accordance with Rule 11. They are in complete control of the competition and their decision is final on all questions.

Interaction with the speller: Because seeing the speller’s lip movements may be critical in detecting misunderstandings or misspellings, the judges encourage spellers to face them when pronouncing and spelling the word.

Notice of rules: The judges ensure that all spellers and audience members are given an opportunity to receive a complete copy of the rules prior to the start of the spelling bee.

Misunderstandings: The judges participate in the exchange of information between the speller and pronouncer if they feel that clarification is needed. Also, the judges listen carefully to the speller’s pronunciation of the word; and, if they sense that the speller has misunderstood the word, the judges work with the speller and pronouncer until they are satisfied that reasonable attempts have been made to assist the speller in understanding the word. While the judges are responsible for attempting to detect a speller’s misunderstanding, it is sometimes impossible to detect a misunderstanding until an error has been made. The judges are not responsible for the speller’s misunderstanding.

Pronouncer errors: The judges compare the pronouncer’s pronunciation with the diacritical markings in the word list. If the judges feel that the pronouncer’s pronunciation does not match the pronunciation specified in the diacritical markings, the judges direct the pronouncer to correct the error as soon as it is detected.

Disqualifications for reasons other than error: The judges will disqualify a speller (1) who refuses a request to start spelling or to provide an answer to a vocabulary question; (2) who does not approach the microphone when it is time to receive the word or question; (3) who does not comply with the eligibility requirements; (4) who engages in unsportsmanlike conduct; (5) who, in the process of retracing a spelling, alters the letters or sequence of letters from those first uttered; (6) who, in the process of spelling, utters unintelligible or nonsense sounds; or (7) who, in the process of providing an answer in an oral vocabulary round, provides a blend of correct and incorrect information. (For example: If in answering the question, “What is porridge made from? A. fur, or B. grain,” the speller provides as an answer either “A. grain” or “B. fur.”).

7. Speller’s role: In a spelling round, the speller makes an effort to face the judges and pronounce the word for the judges before spelling it and after spelling it. The speller while facing the judges makes an effort to utter each letter distinctly and with sufficient volume to be understood by the judges. The speller may ask the pronouncer to say the word again, define it, use it in a sentence, provide the part of speech, provide the language(s) of origin, and/or provide an alternate pronunciation or pronunciations as listed on the pronouncer’s competition word list produced by the Scripps National Spelling Bee.

In an oral vocabulary round, a speller may answer the question by providing (1) the letter associated with the chosen answer, (2) the chosen answer or (3) both. If the correct answer is identified by (1) associated letter alone or (2) by answer alone or (3) by both correct letter and correct answer, the speller is correct.

For example: If the speller is offered the question, “What is porridge made from? A. fur, or B. grain,” each of the following methods of answering is correct: “B,” “grain,” or “B. grain.”

8. Correction of a misspelling: The pronouncer and judges will not ask the speller to correct another speller’s misspelling, even in end-of-bee circumstances.

9. Errors: Upon providing an incorrect spelling of a word or an incorrect answer to a vocabulary question, the speller immediately drops out of the competition, except as provided in Rule 10.
10. End-of-bee procedure:

If all spellers in a round misspell or answer vocabulary questions incorrectly: If none of the spellers remaining in the spelling bee at the start of a round spells a word correctly or answers a vocabulary question correctly during that round, all remain in the competition and a new spelling round begins.

Ties: All spellers eliminated in the same round are tied for the same place. After the champion has been determined, spelling bee officials may opt to conduct tiebreakers (of their own design) if tiebreakers are necessary for the awarding of prizes or the determination of qualifying spellers for the next level of competition.

If only one speller in a round spells correctly or answers a vocabulary question correctly: If only one speller spells correctly in a round, a new one-word spelling round begins and the speller is given an opportunity to spell a word on the list (anticipated championship word). If the speller succeeds in correctly spelling the anticipated championship word in this one-word round, the speller is declared the champion.

Example: In Round 12 there are four spellers. Spellers 6 and 21 misspell. Speller 30 spells correctly. Speller 42 misspells. So, Speller 30 is the only speller in the round to spell correctly. Speller 30 begins Round 13 — a one-word round — and is offered the anticipated championship word. Speller 30 correctly spells the anticipated championship word and is declared champion.

Example: Two spellers spell in Round 10. Speller 14 misspells. Speller 25 spells correctly. Speller 25 begins Round 11 — a one-word round — and is offered the anticipated championship word. Speller 25 correctly spells the anticipated championship word and is declared champion.

Example: Two spellers spell in Round 16. Speller 3 spells correctly. Speller 9 misspells. Speller 3 begins Round 17 — a one-word round — and is offered the anticipated championship word. Speller 3 correctly spells the anticipated championship word and is declared champion.

VERY IMPORTANT: If a speller misspells the anticipated championship word in a one-word round: A new spelling round begins with ALL the spellers who participated in the previous round. These spellers spell in their original order.

Example: In Round 8 there are three spellers. Speller 12 spells correctly and Spellers 23 and 37 misspell. Round 9 — a one-word round — begins, and Speller 12 is offered the anticipated championship word. Speller 12 misspells the anticipated championship word. Round 10 begins and includes Spellers 12, 23 and 37. The rules prescribe that spellers 12, 23 and 37 spell in their original order; so Speller 12 gets the next word on the list even though Speller 12 misspelled the previous word on the list. Round 10 is not complete until all three spellers have spelled.

Tip: Spelling bee officials may find it helpful to designate a record keeper or judge to track the progress of spellers throughout the rounds. The record keeper’s information will be helpful in preventing end-of-bee confusion.

11. Appeals: Provided that the appellant adheres to the Time and Manner Requirements specified herein, the judges will review appeals and render decisions on the following five grounds:

A. The speller correctly spelled the word but was eliminated for misspelling it; failing to say the word before or after spelling it; failing to indicate capitalization, hyphen, spaces or diacritical marks; or incorrectly indicating capitalization, hyphen, spaces or diacritical marks.

Judges: Do your records or an audio or video recording indicate that the speller offered the correct letters in the correct order and never changed the order of letters?

If yes, reinstate the speller even if the speller failed to say the word before or after spelling, or failing to indicate or incorrectly indicating capitalization, hyphen, spaces or diacritical marks.

If no, deny the appeal.

B. The speller correctly spelled a homonym of the word in question.

Judges: Did the pronouncer provide a definition? Refer to Rule 5.

If no, reinstate the speller.

If yes, deny the appeal.

C. In an oral vocabulary round, the speller correctly identified an answer matching the definition of a homonym of the word.

Judges: Did the pronouncer fail to spell the word? Refer to Rule 5.

If yes, reinstate the speller.

If no, deny the appeal.

D. The speller correctly spelled an alternate spelling of the word as listed in Merriam-Webster Unabridged (1) whose pronunciation is identical to the word in question, (2) whose definition is identical to the word in question, and (3) that is clearly identified as a standard variant of the word in question.

Judges: Check Merriam-Webster Unabridged online.

If all three criteria are met, reinstate the speller.

If fewer than three criteria are met, deny the appeal.

Also, note that spellings having temporal labels (such as archaic, obsolete), stylistic
labels (such as *substandard, nonstand*), or regional labels (such as *North, Midland, Irish*) will not be accepted as correct.

E. The officials did not adhere to Rule 10, the End-of-Bee procedure, or Rule 8.

Judges: Carefully examine Rules 8 and 10.

If you erred and the competition is still under way, reinstate the speller.

If you erred and the competition has concluded, contact the spelling bee coordinator for the next level of spelling bee for authorization to send both your declared champion and the speller (or spellers) affected by the error to the next level competition.

If you did not err, deny the appeal.

**Invalid grounds for reinstatement:** The judges will not entertain appeals on the following grounds:

- The pronouncer allegedly mispronounced the word.
- The pronouncer offered pronunciations and/or word information that the speller did not request, and the unrequested information contributed to the misspelling.
- One or all Bee officials indicated to the speller that the speller was pronouncing the word correctly, but the speller’s spelling indicates that the speller wasn’t pronouncing it correctly.
- One or all Bee officials did not inform the speller before spelling that the speller’s pronunciation was incorrect and/or that the speller was misunderstanding the word, and this inaction contributed to the misspelling.
- The speller offered a correct spelling as indicated in a dictionary other than Merriam-Webster Unabridged or other online or print sources.
- The pronouncer did not answer a root word question or provide the correct root word.
- The pronouncer did not honor the speller’s request to slow down the pronunciation of the word, break the word’s pronunciation into syllables, or provide an alternate definition or sentence.

**Time and Manner Requirements:** A written appeal must be hand-delivered to the designated official (usually the spelling bee coordinator/director) indicating the speller’s name, the name and contact information of the person filing the appeal, the relationship of the person filing the appeal to the speller (must be a parent, guardian, teacher or principal of the speller), the word in question, and the grounds for reinstatement. (See Grounds A-E herein.) The deadline for delivering an appeal is before the speller affected would have received their next word had they stayed in the spelling bee. To minimize disruptions, however, effort should be made to deliver an appeal by the end of the round in which the speller was eliminated. When five or fewer spellers remain, the written appeal requirement is suspended, and an oral appeal must be made before the speller would have received their next word had they stayed in the spelling bee. While the competition is in session, individuals who have filed appeals may not directly approach the judges unless explicit permission to approach the judges has been given. The judges will contact the speller if they decide to reinstate the speller. To minimize disruption to the pace of the spelling bee and the concentration of the spellers, the judges are under no obligation to stop the spelling bee to discuss with the speller’s parent(s), legal guardian or teacher a denied appeal.
Words 1–225 are Scripps National Spelling Bee School Spelling Bee Study List Words.

This is the recommended starting point for Grade 1 Classroom Spelling Bees. There is no rule stating that you must proceed word-for-word from this list. You may skip a word if you sense that the word may present a problem at your bee.

If a word has a homonym or near-homonym, the word’s homonym status is probably noted at the word’s entry in this guide. We encourage you to include these words in your bee, provided you indicate the word’s homonym or near-homonym status to the speller.

If you think a word is a homonym and yet a homonym is not listed, please check Merriam-Webster Unabridged for further information or skip the word. It is possible that we did not note the fact that the word is a homonym.

247. **Say to the speller “This word has a homonym.” Next, say the word. Then, provide the word’s part of speech and definition. Finally, answer speller’s questions, if any, about the word.**

**eradicate**

\`эрадикъ\  
**verb**  
Has homonym that has opposite meaning: **irradicate**.  
to do away with : destroy completely.  
By using aerial sprays, wheat farmers **eradicate** weeds, diseases and insect pests from their fields.

248. **jamboree**

\`джамбори\  
**noun**  
a large festive gathering (as of a political party or a league of sports teams) often involving a program of variety entertainment or exhibition performances.  
Joseph’s soccer team is scheduled to play the first game at the **jamboree**.

249. **optometry**

\`оптометри\  
**noun**  
an art or occupation consisting of the examination of the eye for defects and faults of refraction and the prescription of correctional lenses.  
As soon as Greg received his degree in **optometry**, he started working at a public health clinic.

250. **meniscus**

\`менискъ\  
**noun**  
the curved upper surface of a liquid column that is concave when the containing walls are wetted by the liquid and convex when not.  
Because mercury sticks to itself better than to most other substances, its **meniscus** is usually convex, or rounded upward.
